Cafelat

Tamping Mats

Corner Mat

Paul's invention.

This Corner Tamping Mat Launed a thousand shameless copies around the world.
The original and of a very high quality.

Small Flat Mat

A fantastic way to keep your counter clean and scratch-free.
The mat catches grinds from the grinder and features raised edges to stop overspill.

Splat Tamping Mat

This is what happens when you combine.
Paul's inventiveness with Karian's design fair.
Corner tamping mat meets splash of espresso.
Brilliant and totally mad at the same time.
Smaller than the other tamping mats.
Available in Black & Red.
(Orange & Brown is unavailable)

Tamper Extras

Cafelat

Cafelat Mirror Tamping Stand

It's completely different as anything else on the market
Made from solid 304 stainless steel.
Finished by Paul Pratt in-house with wonderful mirror finish.
Top and bottom deature durable rubber pads.
50% heavier than previous Cafelat tamping stand.

Design by: Paul Pratt, United Kingdom

Tamper Seat

We updated our original tamper seat mat.
So it matches our current product line.
Included with every tamper, but also available separately.
Available in four cool colours.

Cafelat

Milk Pitcher

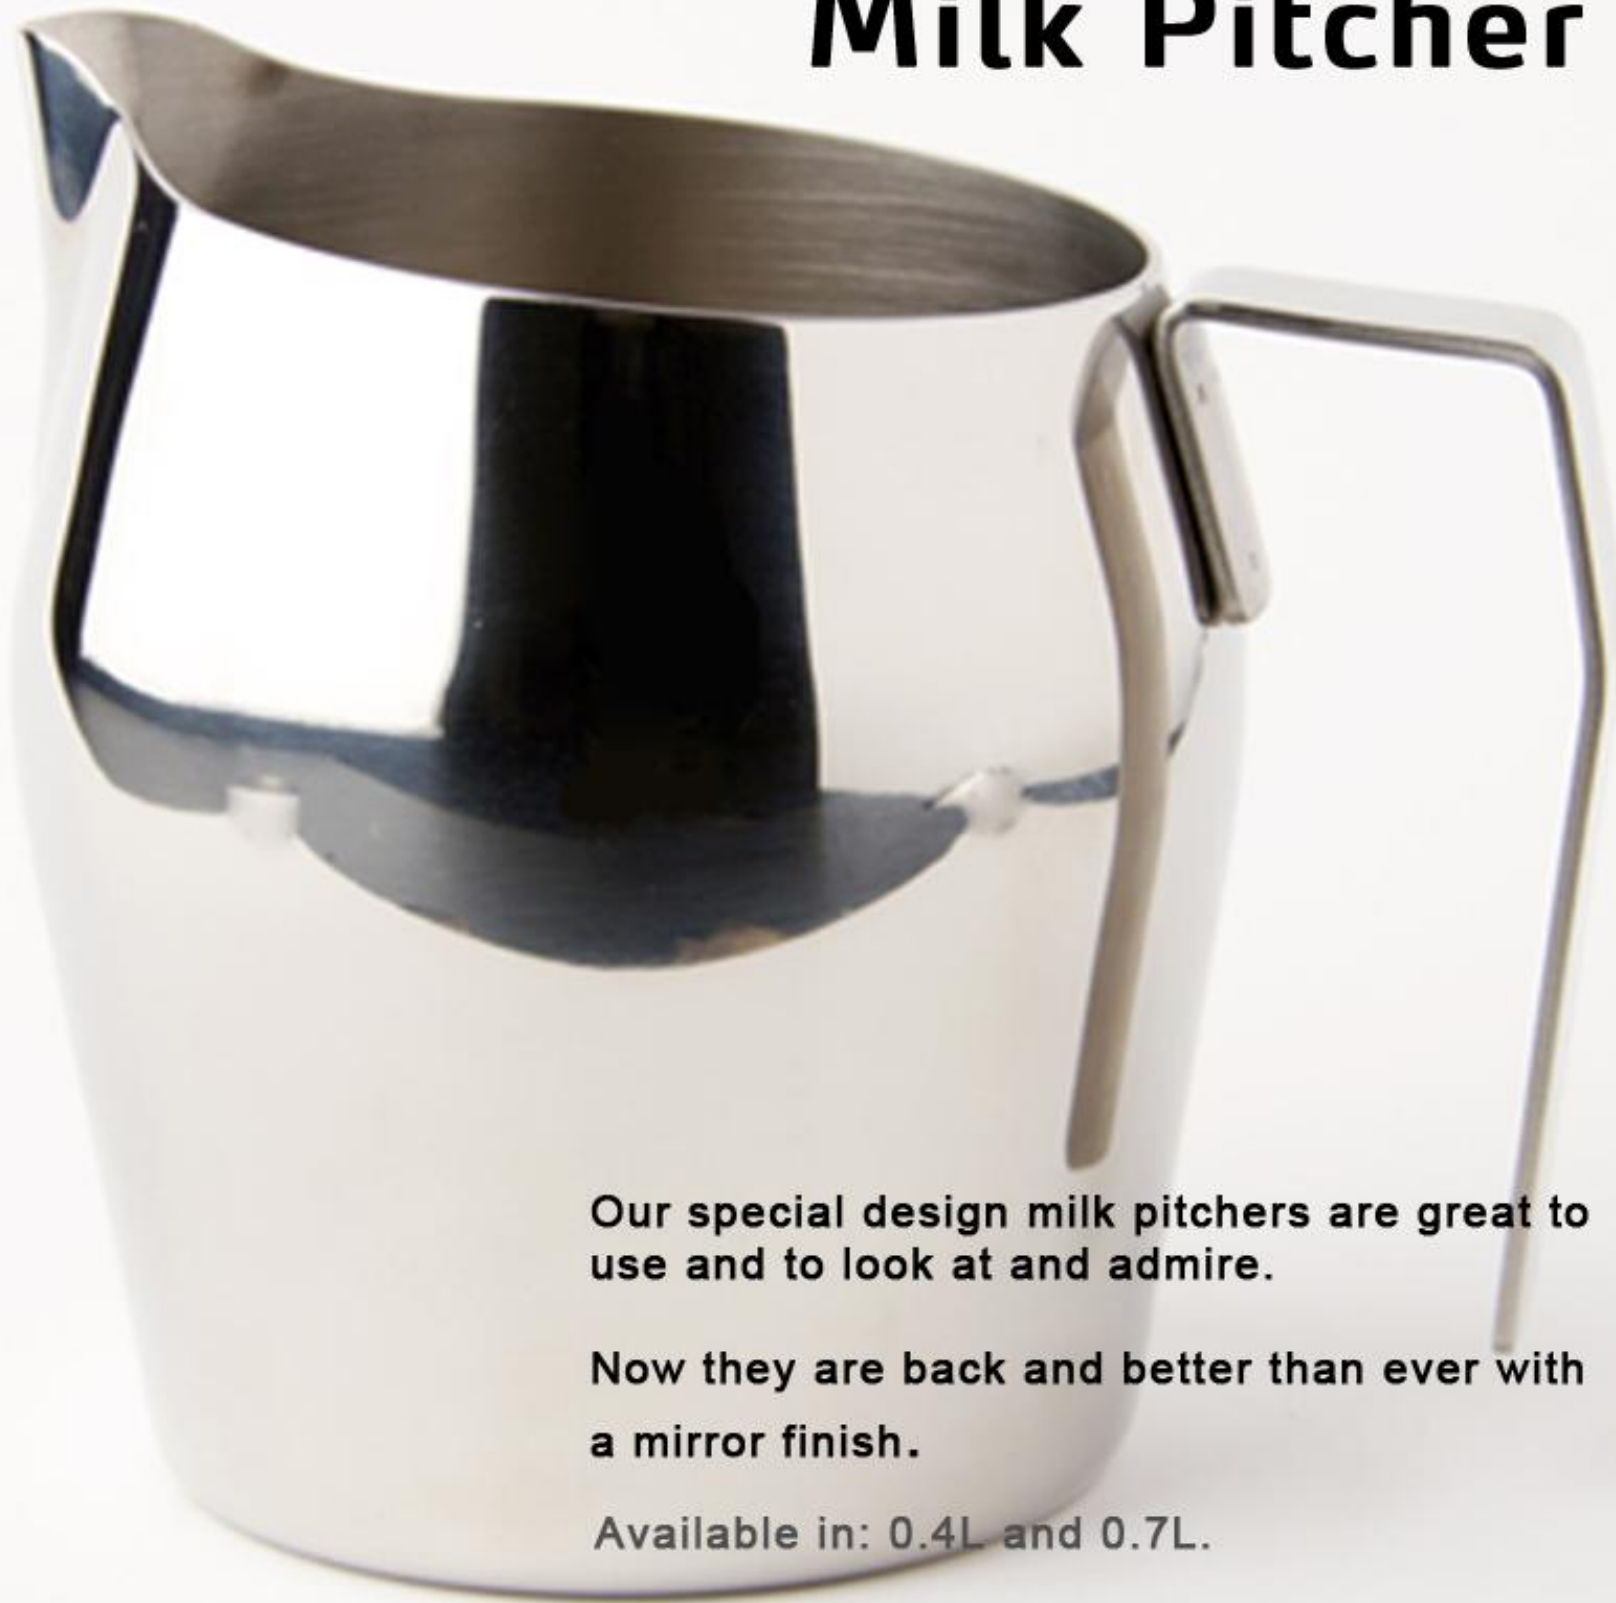

Probably the best milk job on the market today

Mirror finish, thick 304 stainless steel walls.
An absolutely amazing spout for latte art.
A rolled rim for holding it handle free.
The handle itself was designed to be as comfortable as possible.

Available in 0.3L, 0.5L and 0.75L
Design by: Paul Pratt

Cafelat

Milk Pitcher

Our special design milk pitchers are great to use and to look at and admire.

Now they are back and better than ever with a mirror finish.

Available in: 0.4L and 0.7L.

Cafelat

Cleaning Accessories

Cleaning Brush

Our revolutionary way to properly clean your 58mm group head.
This tool just gets more and more popular
and a must have for all espresso machine owners.

Cleaning Brush Extras

3 pairs of replacement bristles for your brush.
So you don't have to throw the handle away.

Micro-Fibre Cleaning Cloths

Don't be fooled by poor quality micro-fibre cloths that do nothing.
These work brilliantly and come in a pack of 4, 2 grey and 2 black.

Cafelat

Quality and Innovation since 2004

Cafelat may be new but the concept goes way back to 2004 when the first Bumper tools were taking shape. The main was to make original and highly functional accessories that would be used by baristas all over the world

Now with a great product designer onboard the Cafelat items are setting the standards by which others follow,
